

PRODUCT SHOWN: U1030 Country | Oak Colonial Planks

Quick•Step® makes traditional techniques an affordable option with the Country collection, thanks to the new 'Country Surface' structure and 'Contour Artisanal'. To the touch you can feel and sense the hand of a craftsman in every plank. These hand-scraped planks have recessed edges to help create the look of a genuine felled-timber floor. This exclusive and pioneering development was inspired by traditionally produced floors.

Bring your clients to Floorco to find Quick•Step® and other fine flooring. Explore our exclusive showroom that's specifically suited for Designers, Architects and Builders. We offer individual workspaces, conference rooms and private access, 24 hours a day.
